

Agreement on Deliverables

Student Name: _____ Semester/Year: _____

No.	Description of the Deliverable	✓	✗
1			
2			
3			
4			
5			

Faculty Expectations for the Student:

- ☐ Successfully provide the documented deliverables as outlined above. The deliverables should be realistically achievable within the indicated semester, taking into consideration TAs and other responsibilities of the student.
- ☐ Participate in laboratory research at a level consistent with a professional research position.
- ☐ Contribute to overall laboratory operations.
- ☐ Follow all safety guidelines and expectations associated with the research environment.
- ☐ Follow ethical research practices.
- ☐ At the end of the semester, review and score the deliverables with the Major Professor.

Signatures:

By signing up for research credits, the student acknowledges agreement with the expectations set forth by the faculty member. Additionally, both the student and the faculty acknowledge they have discussed the expectations and are in agreement.
